

**“Providing quality coaching for all”**

We are delighted to announce a new partnership which sees DTA delivering additional sessions that will take place in the all new Cardiff City House of Sport 3 which is adjacent to the Cardiff City Stadium and boasts 3 dedicated indoor tennis courts which guarantees tennis all year round.

We are holding a **FREE taster session** on Monday 21<sup>st</sup> December. Between 4–6pm we will have a **fun family session** then between 6–8pm an **adults only session**.

You can reserve your space, online at  
**[www.diamondtennisacademy.co.uk/booking](http://www.diamondtennisacademy.co.uk/booking)**  
Special booking discounts available at the open day.

Our group lessons are carefully structured to develop the basic skills, providing the platform to improve and enjoy tennis for a lifetime. Our groups are organised by age and ability and follow a simple format. Once the skills have improved sufficiently they are moved to the next level to continue their development, all done in a fun learning environment!

#### **Also available:**

- Individual lessons, which are a great way to accelerate learning.
- Matchplay sessions – these sessions give players a chance to compete against players of a similar level.
- Courts can be booked to practice outside of lessons, or have a fun game with members of the family.
